JAC Recruitment Co., Ltd.

### **Notice Regarding the Termination of Subsidiary Business Operations**

Since its establishment in 2012, our subsidiary, VantagePoint K.K. has specialised in search-based recruitment services for executive roles within the consulting and international financial sectors. In light of changes in the market, we have decided to consolidate our operations under the JAC brand.

As a result of this decision, VantagePoint K.K. will cease its business activities as of the end of November 2025. We extend our heartfelt thanks for the trust and support you have shown us over the years.

Going forward, executive search services will be provided under our Group's "JAC Executive" brand, while services for a wide range of multinational companies will be offered by our group company "JAC International". We kindly ask for your continued patronage.
